

Sale of The Century

Sleeper

CHORDS USED IN THIS SONG

[Em] [Bm] [A] [C]

We [Em] step through London the [Bm] streets holding onto us
We [A] stand where the river bends I [C] hope we fall in
So [Em] this time maybe [Bm] let's take a photograph
We'll [A] burn all the negatives I [C] hope we fall in

[Em] It's never going to [Bm] be this good so [D] just climb in
[Em] How long till [Bm] reason makes us [D] small again
It [C*] feels just like we've just got started

[G] It's still [D] you taking me [Am] up there
Pretend to be [Em] scared then decide that we [C] don't care
Wear our-[G]-selves out on the [D] way down
[G] It's still [D] you and the moment you [Am] met me
You said I was [Em] cheap you were the sale of the [C] century
Creased our-[G]-selves up on the [D] way down

[Em] [Bm] [A] [C]

And [Em] now I touch you I [Bm] don't know where you begin
Some-[A]-times you're a piece of me I [C] hope we fall in

[Em] It's never going to [Bm] be this good so [D] just climb in
[Em] How long till [Bm] reason makes us [D] small again
It [C*] feels just like we've just got started

[G] It's still [D] you taking me [Am] up there
Pretend to be [Em] scared then decide that we [C] don't care
Wear our-[G]-selves out on the [D] way down
[G] It's still [D] you and the moment you [Am] met me
You said I was [Em] cheap you were the sale of the [C] century
Creased our-[G]-selves up on the [D] way down

[C*] It's been too [Eb*] long so it [G] can't just be something we ate
I [C*] knew we'd go [Eb*] far cause we [G] both share the people we hate
And it [C*] feels just like we've just got started

[G] It's still [D] you taking me [Am] up there
Pretend to be [Em] scared then decide that we [C] don't care
Creased our-[G]-selves out on the [D] way down
[G] It's still [D] you and the moment you [Am] met me
You said I was [Em] cheap you were the sale of the [C] century
Creased our-[G]-selves up on the [D] way down
