CHORDS USED IN THIS SONG

If [E*] I was an [B*] astronaut, I'd be [Eb*] floating in [G#m*] mid-air
And a [E*] broken heart would [B*] just belong
To [Eb*] someone else down [G#m] there
[E] I would be the [B] centre of my [Eb] lonely [G#m] universe
But I'm only [E] human and I'm [Em] crashing down to [B] Earth
[E] If I was an [B] astronaut, I'd [Eb] have a bird's eye [G#m] view
I'd [E] circle round the [B] world and keep on [Eb] coming back to [G#m] you
[E] In my floating [B] castle, I'd rub [Eb] shoulders with the [G#m] stars
But I'm only [E] human and I'm [Em] drifting in the [B] dark

I'm up in [E] space, man [B] [C#m]
Up in [E] space, man [B] [C#m]
I've [F#] searched around the [Eb] universe
[G#m] Been down [B] some black [C#7] holes
There's nothing but [E] space, man [G#m]
[C#7] And I [F#] wanna go home [B]

If I [E] was an [B] astronaut, I'd [Eb] speak to satell-[G#m]-ites
My [E] navigation [B] systems would [Eb] search for other life [G#m]
But [E] I'd be up here [B] thinking 'bout [Eb] what I left [G#m] behind
'Cause I'm only [E] human with the [Em] real world on [B] my mind

I'm up in [E] space, man [B] [C#m]
Up in [E] space, man [B] [C#m]
I've [F#] searched around the [Eb] universe
[G#m] Been down [B] some black [C#7] holes
There's nothing but [E] space, man [G#m]
[C#7] And I [F#] wanna go home [B]

[G#m] Gravity keeps [Eb] pulling me down [B] [C#]
As [G#m] long as you're on the [Eb] ground, I'll stick a-[Bb]-round [C#]
Stick around, [E] [Db7] I'll stick a-[F#]-round

I'm up in [E*] space, man
Up in [E] space, man [B] [C#m]
I've [F#] searched around the [Eb] universe
[G#m] Been down [B] some black [C#7] holes
There's nothing but [E] space, man [G#m]
No, [C#7] oh, I'm in the wrong [E] place, man [G#m] [C#7]
Nothing but, nothing but, nothing but [E] space, man [G#m] [C#7]
Nothing but, nothing but, nothing but [E] space, man [G#m] [C#7]
I've [F#] searched around the [Eb] universe
[G#m] Been down [B] some black [C#7] holes
Nothing but [E] space, man [G#m]
[C#7*] And I wanna go home
